

[Fiske Genealogical Library](#)

News & Announcements, September 6, 2020

Those of you who are using Legacy Family Tree 9.0 genealogy program software can find assistance and support through the Fiske Genealogical Library's User Group.

Siri Nelson has offered to host Zoom sessions on a monthly basis. If you would like to participate in Zoom Legacy Family Tree User Group meetings on the third Wednesday of the month starting September 16 from 1-2 pm, **please send a message to editor@fiskelibrary.org with your email contact information by September 15.**

We will need your email address to send out the Zoom invitation with all the connection details. "The questions we cover run the gamut from the beginner to the more advanced - from how to contact Legacy support, to setting relationships, to cleaning up duplicates. Please feel free to ask questions and raise topics you would like us to go over." ~ *Siri Nelson*

Editor: While not advocating one genealogy software program over another, it should be noted that the Legacy site has been offering webinars and other educational materials, often free, while people have been stuck at home. If you want to take a look, go to <https://legacyfamilytree.com/>
